

Kendal In Bloom.

Although Kendal BID are encouraging members to participate in Kendal In Bloom this year we are not directly involved.

There are many fantastic businesses in the BID zone selling hanging baskets, but the supplier of planting for Kendal in Bloom is Horticare.

Horticare is the name of a horticultural unit for people with learning disabilities. A part of Kendal Day Services run by Cumbria Care.

If you want to place an order -

Please order direct from Horticare by phoning the office between 9-4 Monday to Friday on 01539 738097.

This year there is no theme designated so we can make up basket as requested using the stock we have, sometimes people make request such as bright colours or fiery colours etc.

Horticare cut-off date for ordering will realistically be Wednesday the 15th May. (They may be able to provide baskets after this time however they will be using what plants they have left so there will be less choice available.)

Horticare only deal with cash on collection and they will phone the customer businesses individually as and when their baskets are ready, they can come down and collect them from site Mon-Fri, 9-4.

Prices
